## How can parents help?

Watching live performances of productions with your children will be invaluable: being able to see performances in person allows children to understand the scope of drama, the importance of using space and the art of projection. Furthermore, discussions around performances will encourage them to self-reflect on their own work, encouraging improvement and development.

Having active and lively discussions and debates with your children about current news topics and issues on a regular basis will not only help and improve their listening skills, but it will also develop and their discussion and debate voice.
