### 1. Aims

*Personal, Social, Health and Economic (PSHE) education is a non-statutory but important and necessary part of all pupils' education (Department for Education, 2020).*

At The High School Leckhampton we have high expectations of our children and strive to ensure that every child achieves academically, socially and personally through our school ethos and values of:

- Striving for excellent and encouraging resilience
- Participation, working together, and contributing positively to the community
- Expanding our horizons

Our PSHE programme is rooted in our school values, aims to equip each child with a sound understanding of risk and the knowledge and skills required to safely and successfully make informed decisions that will aid them in navigating their way through life whilst at school and for the years that follow.

We recognise that PSHE can encompass many areas of study and so our programme draws on the statutory content already outlined in the national curriculum, the basic school curriculum and in statutory guidance on: drug education, financial education, relationship and sex education (RSE) and the importance of physical activity and diet for a healthy lifestyle.

We tailor our PSHE programme to best reflect the needs of our children at The High School Leckhampton through:

1. Promoting their spiritual, moral, cultural, mental and physical development
2. Preparing them for the opportunities, responsibilities and experiences of later life.  
(Education Act, 2010)

The teaching of PSHE will support our school community values.

## 2. Statutory requirements

PSHE is a non-statutory subject. However, to support all young people to stay safe and prepare for life in modern Britain, there are aspects of it we are required to teach. Upon statutory guidance that will come into effect from September 2020, and in line with the Education and Inspections Act 2006 that places a duty on Governing Bodies 'to promote the wellbeing of pupils at the school'.

We must teach relationships and sex education (RSE) under the [Children and Social Work Act 2017](#), in line with the terms set out in [statutory guidance](#). We must teach health education under the same statutory guidance.

This policy also complies with the terms of our funding agreement.

## 3. Content and Delivery

### 3.1 What We Teach

As stated above, we are required to cover the content for relationships and sex education, and health education, as set out in the statutory guidance (linked to above).

Please refer to our Relationships and Sex Education (RSE) Policy for details about what we teach, and how we decide on what to teach, in this subject.

You will be able to find the RSE policy on The High School Leckhampton's school website. For other aspects of PSHE, including health education, see the attached curriculum map for more details about what we teach in each year.

**Please see the final page of this policy for the curriculum content for PSHE. We follow the 'PSHE Associations' Thematic guide for KS3/4 that it is approved by the Department for Education.**

### 3.2 How We Teach It

Children in Key Stage 3 and 4 are timetabled for 2 hour half termly PSHE lessons. We supplement these timetabled lessons with 'Topic of the Week' during registration times where children will have the opportunity to explore key topics in depth over a longer period of time. Equally, Year 7 students are given one hour a fortnight called 'Tutor Period' where PSHE topics are covered. All students will be given (at least) a weekly assembly which will cover relevant PSHE/RSE topics.

Each PSHE lesson is planned and tailored to the needs of our children at The High School Leckhampton. Lessons are created and delivered by Hayley Davies (PSHE Lead at Balcarras) and Alice O'Riordan Assistant Head (Pastoral) alongside a committed team of existing teachers. All lessons are sequenced in a scheme of work and underpinned by the British Values of democracy, the rule of law, individual liberty and mutual respect for and tolerance of those with different faiths and beliefs, and for those without faith.

Paid school membership to the PSHE Association has provided us with access to government approved PSHE resources and materials that form the basis of our planning.

To facilitate children's learning in PSHE lessons:

- Rules are established at the beginning to create an environment of safety, maturity and security; one in which children are encouraged to talk hypothetically as opposed to each other's personal experiences
- The purpose of each lesson is made clear
- Appropriate learning experiences are planned in line with our long-term PSHE scheme of work to meet the needs of all the children in the class. Where necessary, the school's SENCO is consulted on best practice for delivery
- Scenario based learning experiences draw on children's own knowledge and understanding to provide them with a range of opportunities to learn, practice and demonstrate skills, attitudes, knowledge and understanding
- Time is given for children to reflect, consolidate and apply their learning of skills to relevant scenarios
- Staff training needs are met, to include safeguarding children, handling sensitive and controversial issues and confidentiality to ensure that teachers do not let their personal beliefs and attitudes influence their teaching of PSHE
- Staff are encouraged to speak with the Assistant Head (Pastoral) and/or the PSHE coordinator should anyone be concerned about their ability to teach certain areas of the curriculum
- The High School Leckhampton leads the programme, but carefully selected and, where necessary, screened outside visitors may play a role in delivering content
- All children will be included in these lessons, regardless of ability or special educational needs and/or disability

As mentioned above, the school has paid for a membership to the PSHE Association which has provided us with access to government approved PSHE resources and materials that have informed us with a basis for planning. Hayley Davies, PSHE Lead at Balcarras will be using/adapting/editing these resources as she sees fit for the benefit of education of the pupils.

### **Assessment:**

Tutors will report to Parents' at parents evening with regard to pupil engagement with the PSHE programme.

The PSHE programme will be monitored as part of our Teaching and Learning Framework. The School Improvement Team will evaluate pupil engagement and provision reporting to Governors annually.

Lesson observations will be crucial in ensuring the consistency of the quality of the PSHE education that the children at The High School Leckhampton will receive. Helen Wood (Headteacher) and/or Alice O'Riordan will go on 'learning walks' around the school during these lessons.

Pupil voice and feedback is crucial to the success of a purposeful PSHE curriculum. Pupils will be given the opportunity during school council sessions and tutor group registrations to voice their opinions on the topics that should be covered.

## **4. Roles and responsibilities**

### **4.1 The Governing Body**

The High School Leckhampton’s Governing Body will approve the PSHE Policy.

The Governing Body has delegated the approval of this policy to both the Headteacher, Helen Wood, and the Assistant Head (Pastoral), Alice O’Riordan, and will hold them to account for its implementation.

### **4.2 The Headteacher**

The Headteacher is responsible for ensuring that PSHE is taught consistently across the school.

### **4.3 Staff**

Staff are responsible for:

- Delivering PSHE in a sensitive way
- Modelling positive attitudes to PSHE
- Monitoring progress
- Responding to the needs of individual pupils

Lessons are created and delivered by Hayley Davies (PSHE Lead at Balcarras), alongside a committed team of existing teachers.

Alice O’Riordan, Assistant Head (Pastoral), is responsible for overseeing the PSHE programme at The High School Leckhampton.

### **4.4 Pupils**

Pupils are expected to engage fully in PSHE and, when discussing issues related to PSHE, treat others with respect and sensitivity.

## **5. Monitoring Arrangements**

This policy will be reviewed by Alice O’Riordan annually along with the school’s RSE policy. At every review, the policy will be approved by the governing board and the head teacher.

The delivery of PSHE is monitored by Helen Wood, Headteacher, Alice O’Riordan as Assistant Head (Pastoral), and Hayley Davies (PSHE Lead at Balcarras). Monitoring is an ongoing process that checks the degree to which our programme of study is being effectively implemented. This monitoring will answer question such as:

- Is the programme effectively managed and are staff clear about their roles and responsibilities?
- Does the planned programme reflect national guidance, local priorities and pupils’ needs?
- Are all pupils being taught the programme as planned?
- Is the quality of teaching consistent across all classes and does it exemplify best practice?

These questions can be answered through planning reviews, learning walks, stakeholder surveys, recording pupil attendance of PSHE and drop down sessions, regular review of the

PSHE Policy, gathering information school reports and sampling the quality and content of children's work.

Pupils' development in PSHE is monitored by class teachers as part of our internal assessment systems. Additionally, this is done through:

- Baseline testing at the start and end of each unit
- Lesson observations
- Reviewing the content and applying it to the school's planner
- Parent, staff and student surveys

## 6. Links with other policies

This policy links to the following policies and procedures:

- Relationships and Sex Education (RSE) Policy
- Social, Moral, Spiritual & Cultural Policy
- Child Protection & Safeguarding Policy

### ***Rights Respecting School Statement***

*The contents of this policy have been reviewed taking into account The High School Leckhampton's responsibilities as a Rights Respecting School. In particular, our commitment to the following articles of the Convention of The Rights of The Child:*

**Article 28: (Right to Education):** *The Convention places a high value on education. Young people should be encouraged to reach the highest level of education of which they are capable.*

**Article 29: (Goals of Education):** *Children's education should develop each child's personality, talents and abilities to the fullest. It should encourage children to respect others, human rights and their own and other cultures. It should also help them learn to love peacefully, protect the environment and respect other people.*

**The PSHE Association Thematic Model – we aim to cover all these topics. The order may change due to speaker availability**

## THSL Relationships and Sex Education

| Relationships and Sex Education                 | By the end of secondary school, pupils should know:  |
|---|--|
| Families  | <ul style="list-style-type: none"> <li>▪ that there are different types of committed, stable relationships.</li> <li>▪ how these relationships might contribute to human happiness and their importance for bringing up children.</li> <li>▪ what marriage is, including their legal status – for example, that marriage carries legal rights and protections not available to couples who are cohabiting or who have married, for example, in an unregistered religious ceremony.</li> <li>▪ why marriage is an important relationship choice for many couples and why it must be freely entered into.</li> <li>▪ the characteristics and legal status of other types of long-term relationships.</li> <li>▪ the roles and responsibilities of parents with respect to raising of children, including the characteristics of successful parenting.</li> <li>▪ how to determine whether other children, adults or sources of information are trustworthy, judge when a family, friend, intimate or other relationship is unsafe (and to recognise this in others’ relationships), how to seek help or advice, including reporting concerns about others, if needed.</li> </ul>   |
| Respectful relationships, including friendships | <ul style="list-style-type: none"> <li>▪ the characteristics of positive and healthy friendships, in all contexts including online, such as: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships, this includes different (non-sexual) types of relationship.</li> <li>▪ practical steps they can take in a range of different contexts to improve or support respectful relationships.</li> <li>▪ how stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (for example, how they might normalise non-consensual behaviour or encourage prejudice).</li> <li>▪ that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other <b>people’s beliefs</b>.</li> <li>▪ about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help.</li> <li>▪ that some types of behaviour within relationships are criminal, including violent behaviour and coercive control.</li> <li>▪ what constitutes sexual harassment and sexual violence and why these are always unacceptable.</li> <li>▪ the legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal.</li> </ul> |
| Online and media                                | <ul style="list-style-type: none"> <li>▪ their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online.</li> <li>▪ about online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online.</li> <li>▪ not to provide material to others that they would not want shared further and not to share personal material which is sent to them.</li> </ul>  |

|  |  |
|--|--|
|  | <ul style="list-style-type: none"> <li>▪ what to do and where to get support to report material or manage issues online</li> <li>▪ the impact of viewing harmful content.</li> <li>▪ that specifically sexually explicit material, for example pornography, presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners.</li> <li>▪ that sharing and viewing indecent images of children (including those created by children) is a criminal offence which carries severe penalties including jail.</li> <li>▪ <b>how information and data is generated, collected, shared and used online.</b></li> </ul>   |
| Being safe   | <ul style="list-style-type: none"> <li>▪ the concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, <b>forced marriage</b>, honour-based violence and <b>FGM</b>, and how these can affect current and future relationships.</li> <li>▪ how people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn, in all contexts, including online.</li> </ul>  |
| Intimate and sexual relationships, including sexual health | <ul style="list-style-type: none"> <li>▪ how to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship.</li> <li>▪ that all aspects of health can be affected by choices they make in sex and relationships, positively or negatively, for example physical, emotional, mental, sexual and reproductive health and wellbeing.</li> <li>▪ <b>the facts about reproductive health, including fertility and the potential impact of lifestyle on fertility for men and women and menopause.</b></li> <li>▪ that there are a range of strategies for identifying and managing sexual pressure, including understanding peer pressure, resisting pressure and not pressurising others.</li> <li>▪ that they have a choice to delay sex or to enjoy intimacy without sex.</li> <li>▪ the facts about the full range of contraceptive choices, efficacy and options available.</li> <li>▪ the facts around pregnancy including <b>miscarriage</b>.</li> <li>▪ that there are choices in relation to pregnancy (with medically and legally accurate, impartial information on all options, including <b>keeping the baby, adoption, abortion</b> and where to get further help).</li> <li>▪ how the different sexually transmitted infections (STIs), including HIV and AIDs, are transmitted, how risk can be reduced through safer sex (including through condom use) and the importance of and facts about testing.</li> <li>▪ about the prevalence of some STIs, the impact they can have on those who contract them and key facts about treatment.</li> <li>▪ how the use of alcohol and drugs can lead to risky sexual behaviour.</li> <li>▪ how to get further advice, including how and where to access confidential sexual and reproductive health advice and treatment.</li> </ul> |

## THSL Health Education

| Health Education            | By the end of secondary school, pupils should know:  |
|-----------------------------|--|
| Mental wellbeing            | <ul style="list-style-type: none"> <li>▪ how to talk about their emotions accurately and sensitively, using appropriate vocabulary.</li> <li>▪ that happiness is linked to being connected to others.</li> <li>▪ how to recognise the early signs of mental wellbeing concerns.</li> <li>▪ common types of mental ill health (e.g. anxiety and depression).</li> <li>▪ how to critically evaluate when something they do or are involved in has a positive or negative effect on their own or others’ mental health.</li> <li>▪ the benefits and importance of physical exercise, time outdoors, community participation and voluntary and service based activities on mental wellbeing and happiness.</li> </ul>  |
| Internet safety and harms   | <ul style="list-style-type: none"> <li>▪ the similarities and differences between the online world and the physical world, including: the impact of unhealthy or obsessive comparison with others online (including through setting unrealistic expectations for body image), how people may curate a specific image of their life online, over-reliance on online relationships including social media, the risks related to online gambling including the accumulation of debt, how advertising and information is targeted at them and how to be a discerning consumer of information online.</li> <li>▪ how to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours.</li> </ul>   |
| Physical health and fitness | <ul style="list-style-type: none"> <li>▪ the positive associations between physical activity and promotion of mental wellbeing, including as an approach to combat stress.</li> <li>▪ the characteristics and evidence of what constitutes a healthy lifestyle, maintaining a healthy weight, including the links between an inactive lifestyle and ill health, including cancer and cardiovascular ill-health.</li> <li>▪ about the science relating to blood, organ and stem cell donation.</li> </ul>   |
| Healthy eating              | <ul style="list-style-type: none"> <li>▪ how to maintain healthy eating and the links between a poor diet and health risks, including tooth decay and cancer.</li> </ul>   |
| Drugs, alcohol and tobacco  | <ul style="list-style-type: none"> <li>▪ the facts about legal and illegal drugs and their associated risks, including the link between drug use, and the associated risks, including the link to serious mental health conditions.</li> <li>▪ the law relating to the supply and possession of illegal substances.</li> <li>▪ the physical and psychological risks associated with alcohol consumption and what constitutes low risk alcohol consumption in adulthood.</li> <li>▪ the physical and psychological consequences of addiction, including alcohol dependency.</li> <li>▪ awareness of the dangers of drugs which are prescribed but still present serious health risks.</li> <li>▪ the facts about the harms from smoking tobacco (particularly the link to lung cancer), the benefits of quitting and how to access support to do so.</li> </ul> |
| Health and prevention       | <ul style="list-style-type: none"> <li>▪ about personal hygiene, germs including bacteria, viruses, how they are spread, treatment and prevention of infection, and about antibiotics.</li> <li>▪ about dental health and the benefits of good oral hygiene and dental flossing, including healthy eating and regular check-ups at the dentist.</li> <li>▪ (late secondary) the benefits of regular self-examination and screening.</li> <li>▪ the facts and science relating to immunisation and vaccination.</li> <li>▪ the importance of sufficient good quality sleep for good health and how a lack of sleep can affect weight, mood and ability to learn.</li> </ul>   |

|                          |  |
|--------------------------|--|
| Basic first aid          | <ul style="list-style-type: none"><li>▪ basic treatment for common injuries.</li><li>▪ life-saving skills, including how to administer CPR.</li><li>▪ the purpose of defibrillators and when one might be needed.</li></ul>                                |
| Changing adolescent body | <ul style="list-style-type: none"><li>▪ key facts about puberty, the changing adolescent body and menstrual wellbeing.</li><li>▪ the main changes which take place in males and females, and the implications for emotional and physical health.</li></ul> |

## **The Law**

Pupils should be made aware of the relevant legal provisions when relevant topics are being taught, including for example:

- marriage
- consent, including the age of consent
- violence against women and girls
- online behaviours including image and information sharing (including 'sexting', youth-produced sexual imagery, nudes, etc.)
- pornography
- abortion
- sexuality
- gender identity
- substance misuse
- violence and exploitation by gangs
- extremism and radicalisation
- criminal exploitation (for example, through gang involvement or 'county lines' drugs operations)
- hate crime
- female genital mutilation (FGM)
